Caveats		
<p>This information is not directly comparable to the previous reporting mechanism where True Vision stood alone and had a dedicated server. (Previously reported at <a href="https://www.report-it.org.uk/files/reports_made_to_true_vision_2020-21.pdf">https://www.report-it.org.uk/files/reports_made_to_true_vision_2020-21.pdf</a>) Some users may now report following a link from a local police force web-page without visiting the True Vision page (<a href="http://www.report-it.org.uk">www.report-it.org.uk</a>).</p> <p>The data does not equate to actual recorded crimes as some may be duplicates, non-crime hate incidents or non-hate reports.</p> <p>Reports leading to the recoding of a crime will be recorded by the force with jurisdiction, so will be included in National Crime Statistics so this data is not additional to such publications.</p> <p>Although every report was received and processed, there is a break in data reporting as systems were developed leading up to the transition to the Single Online Home Servers in 2023.</p>
